

How to use this Proposals Map

This map sheet is one in a series of ten which together form part of the Sheffield Unitary Development Plan. They are accompanied by a document. The map key shows all of the Policy Areas and Proposals which appear in the Plan. Some colours and symbols do not appear on every map.

- To find out how the Plan affects a particular building or piece of land:
- First look at the map and find the area or property you are interested in.
 - Next, refer to the key to see what the colours and symbols mean. The key shows you which chapters in the Plan you need to look at, e.g. if the building is in a Housing Area, refer to the Housing Chapter.
 - You will also need to look at the Built Environment, Green Environment and Transport Chapters which include policies affecting all development.
