STATEMENT OF REASONS

Future High Streets – Fargate

The proposed TROs compliment the new public realm scheme for Fargate. The enhanced public space incorporates raise and lower bollards that will only allow vehicles to access Fargate at certain times for loading/unloading (except for exemptions) and, together with the proposed extended one-way, will control vehicle movements within the newly defined public space. Proposed waiting and loading restrictions, loading only bays and permit only bays facilitate the movement of traffic, improve access and facilitate activities of businesses in the area.
