Health and Wellbeing Action Plan

Detailed Objectives: 1. To ensure that young carers are supported to look after their physical health, in particular to have support around how their caring responsibilities may impact on their physical health
 2. To raise awareness of self-harming in vulnerable children and young people and ensure there is support or guidance available to YC.
 3. Explore evaluation and feedback mechanisms to assess how 'young carer friendly' services are
 4. Improve the health and wellbeing of young carers by reducing financial hardship
 5. Ensure young carers are proactively identified and treated as 'carers' – GP surgeries, hospitals, school nursing and other health workers to identify and recognise young carers
 6. Explore ways in which young carers could be involved more in the care plans of those they care for
 7. Ensure all young carers are able to access therapeutic and emotional wellbeing support to support their EWB/MH (including mental health services, young carers services, peer support)
