

Major Development Schemes in Sheffield

1st January 2020

Produced by:

Forward and Area Planning
City Growth Service
Sheffield City Council

Tel: (0114) 205 3387
Email: richard.holmes@sheffield.gov.uk

Includes all schemes with a gross floorspace of 1,000 square metres or more (all floorspace figures quoted are gross figures) which are proposed, under construction or recently completed (normally within the previous 3 months)). 1,000 sq.m. corresponds to the definition of major development in the National Planning Policy Framework. This report is an extract of current schemes from a database containing details of over 1,250 projects which have been monitored since 1987. The reference numbers used relate to the records in that database and may not feature on the current list.

Schemes are ordered alphabetically by category (Business/Industry; Education; Environmental, etc.) and then by status (Approved; Completed; Expired, etc.).

Housing developments (including student accommodation schemes) are not included in this document. Details of housing developments are available in the Strategic Housing Land Availability Assessment on the Council's website.

No responsibility is accepted for any inaccuracies contained in this report, but the City Council welcomes any updated information on the schemes included - see contact details above.

Business & Industry Schemes

Schemes Approved (Full Planning Permission):

70 Former Smithywood Colliery, Land At Smithy Wood Drive And Cowley Way

B1, B2 and B8 development. Various plots have been developed under more recent planning permissions and are listed separately. This is the remainder of the site.
