What do you get for your money?

We work hard every day to provide hundreds of services for the people of Sheffield, like you. This includes homes for you to live in, support and care for those who need it, recycling and collection services for your waste, and parks and events for you to enjoy.

Here are just some of the things we did in 2019…

• Everyone in the city can dispose of their general waste and recycle plastic bottles, cans, glass, paper and card from their home for free. We are working hard to keep Sheffield clean and tidy and tackle the problem of flytipping. In 2018/19 there were more than 15,000 flytipping incidents recorded in Sheffield.

• We delivered a huge range of more than 450 events in 2019, with music, sporting, cultural and conferencing all taking place across the city, making our reputation as one the UK’s best and most diverse event cities undisputable. These events included
the Sheffield Half Marathon, World Snooker Championships, Cliffhanger, Tramlines, Art in the Gardens, Out of This World and many more. We are also well in to planning for exciting 2021 international sporting events, the Rugby League World Cup and UEFA Women’s EUROs, which we secured host city status for in 2019.

- Our Public Health team helped over 1,000 people to stop smoking and, working with SCC’s Trading Standards, removed around 120,000 cheap and illicit items of tobacco from the streets of Sheffield, preventing illegal sale to minors. They also launched the ‘Sheffield is Sweet Enough’ campaign aiming to help reduce tooth decay and obesity.

- Through programmes such as ESF Pathways, The Building Block and 100 Apprenticeship Scheme, Opportunity Sheffield has supported over 1,000 people in finding jobs, apprenticeships and work experience. Opportunity Sheffield has also supported hundreds of employers with recruitment and upskilling their workforce.

- The Streets Ahead programme continues to improve the city’s roads, paths and structures. To date, Streets Ahead has resurfaced over 1,700 miles of pavement, replaced 3,448 drainage gullies, installed 66,834 new LED streetlights, responded to 99,288 requests for street cleaning, resurfaced over 883 miles of road, repaired over 154,056 potholes and made improvements to over 1,350 bridges and structures across Sheffield.

- We manage and maintain 83 parks, more than 100 children’s playgrounds and 165 woodlands across Sheffield. Our green space improvement programmes include the Better Parks initiative and Public Health investments which support the provision of quality spaces and facilities for Sheffield’s communities.

- We helped 30 children in Sheffield find adoptive families.
What is the Adult Social Care Precept?

In November 2015, the Government announced that they were introducing an arrangement called the Social Care Precept. This allowed local authorities to raise additional funding solely for Adult Social Care and originally covered the period 2016/17 to 2019/20. However, the Government has chosen to extend this into 2020/21. In 2020/21 there will be a 2% increase to the Adult Social Care Precept which will raise £19.8 million in total. This income helps to protect some of our older and most vulnerable residents who need care and support.

We are required by the Government to include the following statement:

In relation to the year beginning in 2020 and any subsequent year- The Secretary of State for Communities and Local Government has made an offer to adult social care authorities. (“Adult social care authorities” are local authorities which have functions under Part 1 of the Care Act 2014, namely county councils in England, district councils for an area in England for which there is no county council, London borough councils, the Common Council of the City of London and the Council of the Isles of Scilly.)

The offer was the option of an adult social care authority being able to charge an additional “precept” on its council tax without holding a referendum, to assist the authority in meeting its expenditure on adult social care from the financial year 2016/17. It was originally made in respect of the financial years up to and including 2019/20. If the Secretary of State chooses to renew this offer in respect of a particular year, this is subject to the approval of the House of Commons.

The Adult Social Care precept increase for 2020/21 was approved by the House of Commons on the 24th of February 2020.
Where does my money go and where does the money come from?

Sheffield City Council spends around £1.4 billion a year providing a wide range of services for the 582,506 citizens of Sheffield.

Our services to you are paid for from different sources.
- 47% comes from Central Government
- 26% comes from charges for services (such as Council house rents and entrance fees)
- 11% comes from Locally Retained Business Rates including Top Up Grant
- 16% comes from Council Tax and the Adult Social Care Precept

One such service is Council Housing, where the funding comes from rents charged to tenants and grants from the government. Other examples of specific grant funded expenditure include the transfer of Housing Benefit to claimants and funds passed directly to schools.

The remaining £420m of service expenditure, which isn’t funded by specific grants, fees, charges or reserves is financed as below:
- 54% comes from Council Tax
- 37% comes from locally retained business rates including Top Up Grant
- 9% comes from Central Government as Revenue Support Grant (RSG)

This split is reflected in the table below and shows how much of a monthly Council Tax payment goes towards these services. This is based upon a Band A household in 2020/21 (58% of Sheffield households are in Band A).

Council Tax Support replaced Council Tax Benefit in 2013. Council Tax Support provides help for those taxpayers on low incomes. If you are entitled to Council Tax Support the amount you have to pay will be reduced, although if you are not a pensioner you will still have to pay some council tax each month. For more information and to apply for Council Tax Support visit www.sheffield.gov.uk/home/benefits/council-tax-support.

5. an 18 or 19 year-old who is at school or has just left school
6. staying in hostels or night shelters
7. living in hospital care, a care home or an independent hospital
8. in prison - except those in prison for non-payment of Council Tax or a fine
9. a member of a religious community that meets certain conditions

The Council also has the discretion to reduce liability for Council Tax in relation to individuals, or groups of individuals, where, after due consideration, it feels it is appropriate to do so, for example where a taxpayer is experiencing exceptional hardship.

What to do if you cannot pay your bill

The Council will take a firm but fair approach to those who do not pay their Council Tax. We will take a robust approach to those who can but won’t pay, and will ensure we take a sympathetic approach to those who are genuinely struggling to pay. To this end we have established a Council Tax Hardship Scheme to help those who are in receipt of Council Tax Support and are in severe financial hardship.

We urge anyone who is having genuine difficulties in paying to contact us without delay. If people persist in not paying, recovery action will be taken which can lead to significant costs being added to their bill.
What happens if you don’t pay your bill

The recovery process is:

- If you miss a payment you will receive a reminder that payment is due.
- If you do not bring your payments up to date or make a repayment arrangement, you may receive a final reminder.
- If you do not respond to the reminder or final reminder you will receive a summons to attend a hearing where we will ask for a Liability Order to be granted. At this stage, costs will be added to the amount you owe.
- If you receive a summons you will have lost the automatic right to pay by instalments and you will have to pay the full amount of Council Tax.*
- If the Court grants a Liability Order the Council will be able to take further recovery action including:
  - Deducting money from your benefits
  - Deducting money from your earnings
  - Instructing an Enforcement and Collection Agency (previously bailiff) to collect your debt
  - Placing a Charging Order on your property
  - Issuing Bankruptcy proceedings
  - Committal to Prison

Some of these actions can add significant costs to how much someone has to pay.

If you are struggling to pay your Council Tax please contact us without delay, so we can try and help you avoid incurring additional recovery costs.

If you need any independent help or advice please contact one of the City’s advice agencies at www.advisesheffield.org.uk.

* We would strongly advise you to contact us as soon as you receive a summons to discuss your arrears. At this point if you are unable to pay the amount in full we will try and work with you to agree a repayment plan. If a repayment plan is agreed we will still request a Liability Order as this will allow us to take further recovery action if the repayment arrangement is not maintained.

If you do not think you are liable to pay Council Tax, you can attend court and put your case before the Magistrate. However, if you accept you are liable for the Council Tax that is owed, and you make a repayment arrangement prior to the court date, you do not need to attend court.

If you have claimed a Council Tax discount, relief or exemption or Council Tax Support you will already have accepted liability for Council Tax.

For more information about what happens if you don’t pay on time and the Council’s Recovery Policy see www.sheffield.gov.uk/home/council-tax/who-pays-council-tax.
Business rates are set nationally, but are collected by local Councils. 49% of the proceeds are retained by the Council as part of the money the Government decides we are allowed to spend, with a small proportion (1%) paid to the Fire Service as part of their funding. The other half is paid over to Central Government.

Here is an overview of 2020/21 Business Rates information or you can visit www.sheffield.gov.uk/businessrates or phone 0114 273 4318 for more information.

**Rate Multipliers 2020-2021**

The rate due for a property is calculated by multiplying your rateable value by a factor set by Central Government each year; this is known as the multiplier. The amount you pay will normally increase in line with the movement in the annual Consumer Price Index (the inflation rate). The multipliers are:

- For properties with rateable values of less than £51,000 - 49.9p
- For properties with rateable values of £51,000 and over - 51.2p

**Small Business Rate Relief**

Small Business Rate Relief is designed to help small businesses reduce their Business Rate bill.

The relief scheme means that eligible ratepayers with rateable values of £12,000 or below will pay no rates at all for the 2020/21 rate year, whilst ratepayers with rateable values between £12,000 and £15,000 will receive tapered relief dependent upon the rateable value of their property.

You need take no action if you are already claiming Small Business Rate Relief.

An additional change to the scheme allows for a ratepayer currently in receipt of Small Business Rate Relief to maintain relief on their first property for a period of 12 months if they have taken on an additional property after the 1st April 2014.
**Payment of Business Rates by Monthly Instalments**

Businesses are allowed to pay their Business Rate charge over 12 monthly instalments rather than the current 10. If this is something you wish to take advantage of, please e-mail business.rates@sheffield.gov.uk

**Transitional Relief**

Following the revaluation which came into force on 1st April 2017, the government introduced a scheme of transitional adjustments to lessen the immediate impact of changes to your rateable value.

Different arrangements apply depending on whether your rate bill has increased or decreased. The amount by which your bill can go up or down is fixed by the government. More details can be found on the council’s website.
