Introduction

Bradfield Parish Council is funded by receipt of a precept from Council Tax payers. In addition other income is received from a variety of sources which includes rent from properties and fees for services such as burials at Birtin Cemetery.

Following the unprecedented events of the last few years with the Covid pandemic and the increases in cost of living for residents due to the costs of utilities etc., the Parish Council have resolved that no increase be made to the precept for the financial year 2023/24.

The overall amount to be collected from the precept will be £255,277. The Parish Council have set a budget of £316,380 for 2023/24 compared to £288,180 for 2022/23. Reserves meet any difference between the budget set and the precept collected.

Please see below a table which shows the property bands A to H, together with the actual annual amount to be paid to Bradfield Parish Council.
