Definitions

Funded Early Learning (FEL) - This is the 15 funded hours for all 3 and 4 year olds and disadvantaged 2 year olds. Children are eligible the term after their 3rd birthday, or 2nd birthday if they are eligible.

Extended Funded Entitlement (EFE) – This is the extra 15 funded hours working families are entitled to. This will include the new entitlement for 2 year olds from April 2024 and 9 months to 1 year olds from September 2024.

Entitlements Expansion (EE) – This is the new initiative for working families. The expansion is to be introduced in 3 phases;

- Phase 1: April 2024 - 15 hours of childcare over 38 weeks of the year made available to eligible parents of two-year-olds.
- Phase 2: September 2024 - 15 hours of childcare over 38 weeks of the year made available to eligible parents of 9-month to 36-month-olds.
- Phase 3: September 2025 - 30 hours of childcare over 38 weeks of the year made available to eligible parents of 9-month to 36-month-olds

Data Sources

FEL and EFE - Early Years Census Spring 2023

Population –

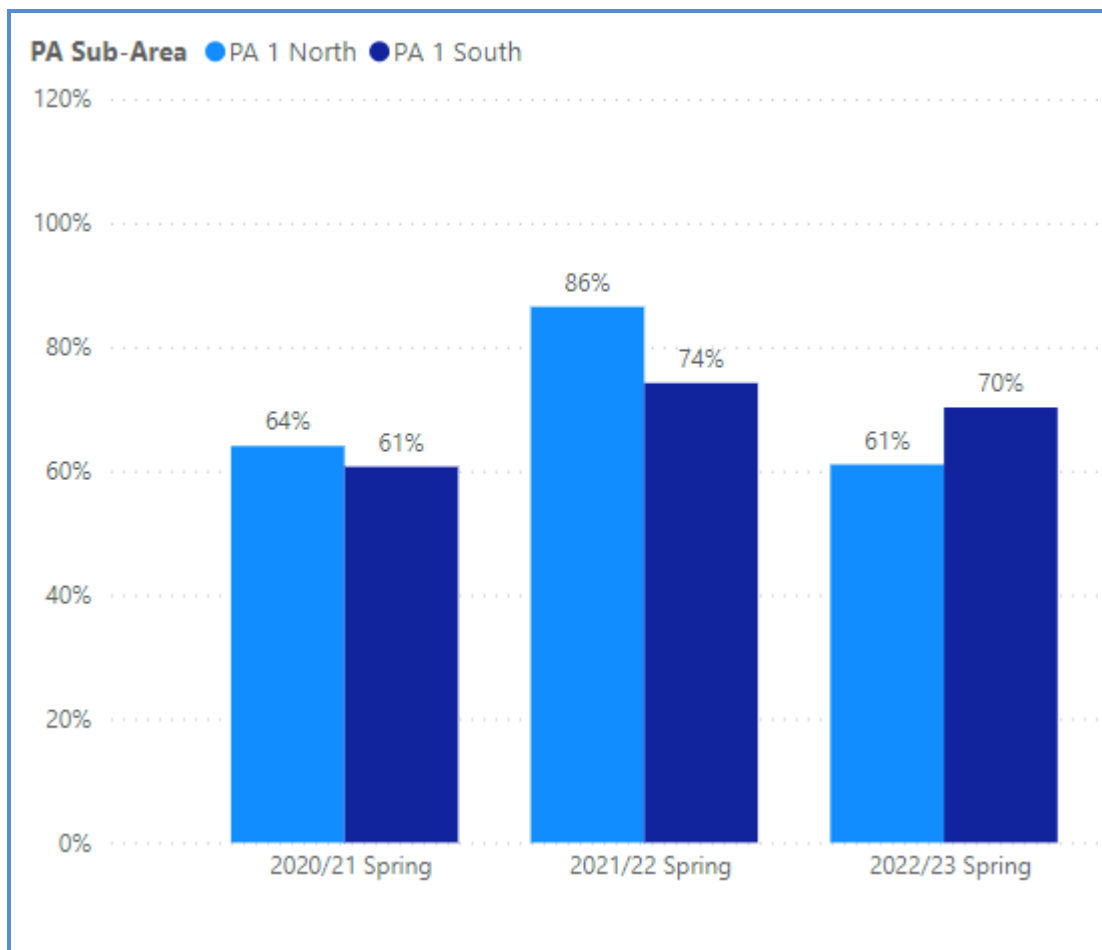

- 3 and 4 Year Old Population - Public Health Register (November 2022)
- 2 Year Old Population – DWP (November 2023)

Quality – Ofsted Reports

Wraparound Data – January School Census 202. Although several surveys have been carried out to collect more up to date data, there has been a mixed response and only about 50% schools have responded. This information is therefore incomplete and has meant we have used 2023 School Census as it gives us a more complete picture.

*LSOAs are ranked in terms of their deprivation according to IDACI (IMD 2019). LSOAs ranked 1 are within the 10% most deprived LSOAs in the country. Those with a rank of 2 are between the 10% and 20% most deprived. The ranking goes to 10 which indicates the 10% least deprived LSOAs.

Take-up of places in Spring 2022/23 is not that dissimilar to the rates of take-up seen in Spring 2020/21, and encouragingly in Planning Area 1 South take-up rates have actually improved. Fluctuations in take-up can in part be attributed to take-up not being compulsory and families having varying requirements for the number of hours and some elements of Funded Early Learning are subject to eligibility criteria. Parents can choose between a vast number of Early Years providers, from Childminders to Private and School nursery settings and they also seek places outside their local area, nearer to other family members or nearer/enroute to work. This can have a considerable impact on the sufficiency of places in a given area.

*Another 13 LSOA have low take-up. See Appendix 1

Take-up rates in the North and South of the Planning Area are not dissimilar and have remained fairly consistent since Spring 2021. Encouragingly Spring 2022/23 data reflects slight improvements in take-up as compared to take-up rates in Spring 2020/21. There are generally sufficient places for all 3-&4-year-olds who wish to access a funded place, so take up can be used as a good indicator of actual demand and take-up rates in Sheffield are not dissimilar to those reflected by the national picture.

The Local Authority continues to raise awareness of Funded Early Learning entitlements in areas of lower take-up, but it is also acknowledged that there are some cultural barriers to families accessing Funded Early Learning.

*Some data has been suppressed due to low numbers.

Like the EFE, the new EE is only available to working families. Both parents, or a single parent, must be working the equivalent of 16hrs on the minimum wage. The data above may give some indication on the level of demand. It is also expected the greatest demand for wraparound care will come from working parents.
