(HOUNSFIELD ROAD AND LEAVY GREAVE ROAD) (VARIOUS TRAFFIC MOVEMENTS)
(MAP SCHEDULE) ORDER 202***

STATEMENT OF REASONS

The Authority's reasons for proposing to make the above named Order(s) are as follows

- For avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or
- For facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or
- For preventing the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property, or
- For preserving or improving the amenities of the area through which the road runs.

Explanatory Notes:-

Hounsfield Road and Leavygreave Road are busy pedestrian and cycle routes to the University of Sheffield and the future development of the university in this area will increase pedestrian and cycle flows further. The proposed scheme removes on street parking and restricts traffic movements to prioritise pedestrian and cycle movements along the routes. These routes will connect with existing walking and cycling city centre routes on Leavygreave Road / Portobello with those at Hounsfield Road / Brook Hill.

The proposals improve access by sustainable modes of transport and will provide more space and a safer and more attractive environment for pedestrians and cyclists.

The scheme is proposed in two phases. An interim scheme is proposed whilst the construction of the proposed Combined Teaching Laboratory (CTL) building occurs. A permanent scheme is proposed which will provide new surfacing and landscaping, similar to that implemented on Portobello and Leavy Greave Road to the east of the ring road.
