

Technology Enabled Care (TEC) & Digital Marketplace Event Program – 23 September 2025

Location: Moorfoot Conference Centre, Sheffield

Time: Drop-in between 10:00 am – 3:00 pm

Morning Workshops 10:00 am – 12:30 pm

TEC Referral Form: Room 6/7

Time: 10:00 - 10:30

Supporting the co-design of our new TEC Referral Form which is being built into LiquidLogic

From Barriers to Breakthroughs – PA Consulting: Room 8/9

Care technology enabling independence for younger adults with learning disabilities and autism. We will show the outcomes that can be secured through TEC, how they are achieved in practical and useful ways and how people, families and care providers can be engaged throughout.

Time: 10:30 - 11:00

Living Well, Ageing Well – PA Consulting: Room 8/9

How technology supports older adults to stay independent, connected and safe. Come to better understand how TEC can support your practice and achieve benefits for older people as a core component of a strengths-based approach. TEC should be used to empower people, not just manage decline.

Time: 11:15 - 11:45

TEC Referral Form: Room 6/7

Time: 11:15 - 11:45

Supporting the co-design of our new TEC Referral Form which is being built into LiquidLogic

TEC Surgery Live – PA Consulting: Room 8/9

Practitioner-led session with real-world challenges, tips and tools. Come along with real life cases or reviews to discuss how TEC may be able to support. You will go away, being better able to see how TEC can support your practice and identify further opportunities across your caseload.

Time: 12:00 – 12:30

Afternoon Workshops 12:15 pm – 3:00 pm

TEC Referral Form: Room 6/7

Supporting the co-design of our new TEC Referral Form which is being built into LiquidLogic.

Time: 12:15– 12:45

From Barriers to Breakthroughs – PA Consulting: Room 8/9

Care technology enabling independence for younger adults with learning disabilities and autism. We will show the outcomes that can be secured through TEC, how they are achieved in practical and useful ways and how people, families and care providers can be engaged throughout.

Time: 14:30 – 15:00

TEC Knowhow Workforce Development

Conference Room 1

Learn more about the Online training resources which are helping to build knowledge, skills, and confidence to support a TEC First approach aimed at improving independence and quality of life.

TEC Marketplace

Conference Room 2/3

Meet and explore solutions from leading care technology providers which support people to live independent, safe, and well, complementing more traditional care services. At the same time learn more about the redesign of Citywide Care Alarms and the role of our TEC Champions.

- Ethel Care – Virtual Care
- Vocala-Alexa – Virtual Care
- Alert-it
- Abilia
- Howz Connected Care
- YOUR MEDS
- Chiptech Telecare
- Tunstall Healthcare
- Just Checking
- Just Roaming
- Access Reactive and Proactive Care - Test of Change
- Citywide Care Alarms Service Redesign
- TEC Champions Network

AI Digital Marketplace

Conference Room 4/5

Learn about how AI is supporting the digital transformation of back office and frontline services improving customer experience and job satisfaction, along with our exciting development plans. We're looking forward to welcoming attendees to the AI Room, which will include the following:

- **Magic Notes Table** – hear previous users experience of using the Magic Notes AI application as part of the 'test of change' last year and ask questions about the approach moving forward.

- **Copilot Table** – hear users experience of using the Copilot AI application as part of the trials being run over the past 11 months and ask questions about the Council's AI journey.
- **Emerging Technology and AI Navigator Group Table** – hear about the new group and its purpose, and how you may be able to get involved.
- **Microsoft Copilot Representative Presentation** – 12:00 – 12:20 and 14:00 – 14:20 – Council's Copilot journey and the art of the possible
- **BEAM Magic Notes Representative Presentation** – 11:00 – 11:20 and 13:30 – 13:50 – Council's Magic Notes journey and the art of the possible.
