

Independent Tree Panel for Sheffield

Paul Billington
Director of Culture
Sheffield City Council

By email

31 March 2017

Dear Paul

Nether Road

The Independent Tree Panel has reviewed Sheffield City Council's plans for the removal and replacement of trees on this street. The summary data for the street are:

Number of trees	6
Number of trees referred to ITP	4
% of trees referred to ITP	66.7%
Number of households	12
Number of households responding to survey	2
Number of households responding to the survey who objected to the proposals	1

Andy Bagshaw, David Graham and I inspected the trees on 23 February 2017.

We have considered the structural and physiological condition of each tree, and hence whether to advise the Council to consider removing and replacing the tree for this reason. Please note that in the absence of a comment to the contrary, we found the tree to be healthy and not in need of replacement for an arboricultural reason.

We considered whether the engineering solutions provided for in the Streets Ahead programme could be deployed to enable each tree to be retained, and hence whether to advise the Council to consider deploying one or more solutions for this purpose. We took account of the information provided by the Council about the engineering solutions.

We have summarised our comments and advice in the attached table.

Yours sincerely

Andy Buck
Chair

Nether Road			
Fell Job No	Tree Location	Comment	Advice
12018721	opp. 20	All four trees have 40+ years life expectancy. The trees are adjacent to a wire fence and two are beginning to encroach upon the fence. No damage to highway. Proposed replacement site on wide grass verge 100m to north is desirable.	Remove and replace tree.
12018742	opp. jct. Johnson Lane		Remove and replace tree.
12018743	opposite jct. Johnson Lane		Remove and replace tree.
12018744	opp. r/o 14-16 Mellor Lea Farm Garth		Remove and replace tree.
