

Independent Tree Panel for Sheffield

Simon Green
Executive Director of Place
Sheffield City Council

By email

22 July 2016

Dear Simon

Basford Street

The Independent Tree Panel has reviewed the City Council's plans for two trees on Basford Street. We have taken into the account the technical information provided by the Council and the concerns raised by residents in their response to the household survey. We inspected the trees on 1 July 2016. We have referred to the engineering solutions, as presented to the Highway Tree Advisory Forum on 2 September [2015] which are referred to in section 3.2 of the Streets Ahead Five Year Management Strategy 2012 – 2017 dated January 2016.

Household survey

There are 79 households on the street. Two responded to the household survey, of which one objected to the proposed removal and replacement of the trees.

Trees which are diseased or damaged

The tree outside number 77 is in very poor condition. We advise that this tree should be removed and replaced.

Trees which are healthy

We agree that the tree outside number 74 does not need to be removed and replaced.

Yours sincerely

Andy Buck
Chair
